

Aim:

To set up and access the Azure DevOps environment by creating an organization through the Azure portal.

Procedure:**1. Open Azure Portal:**

- Launch a web browser and navigate to the Azure website:
<https://azure.microsoft.com/en-us/get-started/azure-portal>

2. Sign in to Microsoft Account:

- Enter your Microsoft account credentials to log in.
- If you do not have an account, create one using:
<https://signup.live.com/>

3. Access Azure Home Page:

- After login, the Azure home page will be displayed.

4. Search for Azure DevOps:

- In the search bar, type “Azure DevOps Organizations”.

5. Open Azure DevOps Organizations:

- Click on the Azure DevOps Organizations option from the results.

6. Create a New Organization:

- Select “My Azure DevOps Organization”.
- Click on New Organization.
- Provide required details such as:
 - Organization Name
 - Region
- Accept the terms and conditions and proceed.

7. Access Organization Dashboard:

- After creation, you will be redirected to the Azure DevOps Organization Home Page.

- **Verify that the organization is successfully created.**

The screenshot displays the Microsoft Azure portal interface. At the top, the navigation bar includes the Microsoft logo, 'Azure', and various menu items like 'Explore', 'Products', 'Solutions', 'Pricing', and 'More'. A search bar and links for 'Learn', 'Support', 'Contact Sales', 'Get started with Azure', and 'Sign in' are also present.

The main banner features the text 'Build in the cloud with Azure for Students for free' and a subtext 'Use your school email to sign up and renew yearly while you're a student.' Below this are two buttons: 'Start free' and 'Not a student? Get started with Azure'. To the right of the text is an image of three students looking at a tablet.

Below the banner is the 'Azure services' section with icons for 'Create a resource', 'Azure DevOps organizations', 'App Services', 'Users', 'Projects', 'Application Templates', 'Oracle AI Database@Az...', 'Resource groups', 'Quickstart Center', and 'More services'.

The 'Resources' section includes a 'Recent' tab and a table with the following data:

Name	Type	Last Viewed
Azure for Students	Subscription	a month ago

Below the table is a 'See all' link.

The 'Navigate' section contains icons for 'Subscriptions', 'Resource groups', 'All resources', and 'Dashboard'.

The 'Tools' section includes links to 'Microsoft Learn' (Learn Azure with free online training from Microsoft), 'Azure Monitor' (Monitor your apps and infrastructure), 'Microsoft Defender for Cloud' (Secure your apps and infrastructure), and 'Cost Management' (Analyze and optimize your cloud spend for free).

The 'Useful links' section at the bottom includes links to 'Technical Documentation', 'Azure Services', 'Recent Azure Updates', 'Azure Migration Tools', 'Find an Azure expert', and 'Quickstart Center'.

On the right side of the bottom section is the 'Azure mobile app' section with 'Download on the App Store' and 'GET IT ON Google Play' buttons.

Result:

Successfully accessed the Azure DevOps environment and created a new organization through the Azure portal.
